22.12.2019

Executive Vice President for Research

2020 TASP

 nieuwe methode

The purpose of the TASP program is to support cutting-edge research in the fields of computer science, mathematics, and related fields. The program is open to researchers from all over the world and is designed to foster collaboration and innovation.

Applications are accepted on a rolling basis. However, the next submission deadline is Tuesday, 30.1.2020.

Please note that the application form must be submitted online. The deadline for submission is 5 PM on the deadline date.

For more information, please visit the TASP website:
https://portal.technion.ac.il

The criteria for selection include:
- The project's originality and innovation
- The project's potential for impact and implementation
- The project's feasibility and sustainability

The selection process is competitive and only a limited number of projects will be funded.

We encourage all interested researchers to submit their applications.
